

Korean Hideaway Tours

The central idea behind Korean Hideaway Tours is to give foreigners residing in Korea an **exclusive** opportunity to venture out and explore a host of traditional treasures, culinary flavors and natural wonders the country is known for that they might not have otherwise had the option of experiencing for themselves. Having worked for a year with the Korea Tourism Organization and over two years with SEOUL magazine (two jobs that required a considerable amount of traveling and documenting) I have had the luxury of exploring many unique parts of Korea that were well off the beaten path. Essentially, I want to take this knowledge and share it with those of you that want to make the most out of their stay here. Below are some of the key highlights of what exactly Korean Hideaway Tours is about.

- Tours will be scheduled for the weekend. We will meet at the designated location (to be decided at the beginning of the week) on Saturday morning and return to Seoul early Sunday evening.
- Adventure enthusiasts on the tour will have the benefit of traveling to remote locations to experience a more natural side of Korea not normally found on larger scale tours.
- Given the exclusive nature of the tour, seating will be very limited.
- Details for each trip will be posted weekly on Hermit Hideaways (www.hermithideaways.com).
- As a keepsake to remember each trip, participants will be given a **customized photo album** at no extra charge.
- Costs will include transportation, accommodation and meals.

For reservations, forward all emails to hermithideaways@gmail.com. You may also reach me on my mobile (010-5695-6598) if you have any questions. Please be advised that seating is limited.
